8. Referee Game Fees: Which website lists game fees in each sport?

Answer = www.ace5on5.games

The referee pay scale outlines how much to pay officials in all sports we service. The Arbiter will list the game fees one game at a time, but does not display game fees for all sports at a glance.

9. ArbiterSports.com: Your game schedules are categorized on Arbiter by:

Answer = Individual Sports & Levels

This is important because finding your games on Arbiter by sport is required, but the level defines the gender, grade, and respective divisions of the teams you are seeking. It is intended to not allow A/D's to see all of their respective schedules at a glance in order to avoid confusion of schedules.
